Noted by Mr. Williams

THE JOINT STAFF

MEMORANDUM FOR THE DEPUTY ASSISTANT SECRETARY OF DEFENSE  
FOR NSC AFFAIRS AND PLANS

Subject: U.S. Policy in the Far East.

Reference: Memorandum for the NSC Planning Board  
dated June 29, 1959, same subject.

Enclosure: Draft paper, "U.S. Policy in the Far East."

1. The Joint Chiefs of Staff have recently discussed a comprehensive study on the Far East prepared by the Joint Strategic Survey Council.

2. The enclosure herewith was prepared using that study and the reference. Also considered in the preparation of the enclosure were the Service comments on the reference; it is believed these Service views are reflected therein.

3. It is planned to introduce the enclosure at the Planning Board as a tentative JCS position on the subject, and recommend that it replace the reference as a starting point in the preparation of a U.S. Policy on the Far East.
